

## SHOP LOCAL STAY LOCAL

Dear Members,

As we approach a Christmas like no other, and head into 2021, the executive of CLTC would ask you to consider supporting our very own members businesses when you are buying presents or looking at projects in the new year. We are a members club, and we rely on our members to keep the doors open, so this is our very small way of showing our members that we support and appreciate them. Please like and share, shop local and stay local
